

Overview of the New Traffic Law in the UAE

The UAE is introducing a comprehensive new traffic law under the title "Federal Decree on Traffic Regulation," expected to come into effect on March 29, 2025. This update reflects the country's efforts to improve road safety and incorporate the latest innovations in transportation technology.

Key Amendments:

- **Lower Driving Age:** The minimum age for obtaining a driving license has been reduced from 18 to 17, allowing younger drivers to drive under strict conditions.
- **New Vehicle Classifications:** The law introduces classifications for autonomous and electric vehicles to ensure their seamless integration into the transportation system.
- **Noise Reduction:** The law prohibits noisy vehicles and restricts the use of horns in cities to emergencies only.
- **Stricter Penalties:** More severe penalties will be imposed for dangerous violations, such as driving under the influence or causing fatal accidents.
- **Pedestrian Safety:** Pedestrians are prohibited from crossing roads with speed limits exceeding 80 km/h, with violators subject to legal accountability.

Key Updates Effective from March 29, 2025:

- Lower driving age to 17 years.
- New regulations for autonomous and electric vehicles.
- Increased penalties for serious traffic violations.
